

## Intro for Melanie Murphy

Before we begin, let me start off with a few questions:

- Have you ever heard someone speak & thought, *STOP*?
- Are you aware that how you *sound* makes an impression?
- Would you like some tips to sound more *powerful*?

If you answered yes to any of those questions, there are answers for you today!

As a multiple award-winning radio broadcast journalist, our speaker has covered some of the most impactful events of the last two decades... including the September 11<sup>th</sup> attacks on America and two presidential inaugurations.

She was the managing editor of a news network and host of a daily syndicated talk show. After transitioning to a career as a voice-over actor, our speaker found her passion for bringing stories to life through commercials, videos and corporate narration.

When she's not keynote speaking or helping brands voice their ideas, she can be found trying her best to find a low-carb gluten-free recipe that tastes just like an actual Toll House cookie.

Sharing with us today some tips for portraying the best Voice Image - please join me in welcoming speaker, voice actor, and an overly loud laugher - the always confetti ready,

**Melanie Murphy!**
